HOSPI LINE EQUIPMENTS PVT. LTD.

A total endoscopy solution...

ABOUT US

Hospi Line Equipments Pvt. Ltd. is a reputed organization, offering total endoscopy solution, manufacturing biggest range of the products under one roof. Our penetration is in around 20 countries, where we are exporting the products for a long period of time.

Our company has been awarded with MD-5, MD-9, ISO 13485:2016 , CE certificates with FDA registered, which is evidence to our deep involvement in the manufacturing of the best quality medical products. Company has a big manufacturing unit in a land area 1800 sq.mtrs., in a very clean environment about 35km from Delhi where air pollution is supposed to be nil, apart of it we assemble and pack our products in one lac and 10k level clean room, constructed in 6000 sq. ft. area. We regularly exhibit in various International exhibitions, in which majors are below:

| | |
|-----------------------------|-------------------------|
| Arab Health-Dubai | Otolaryngology-Dubai |
| Medica-Germany | Meditex-Bangladesh |
| Medexpo-Kenya | Medexpo-Saudi Arabia |
| TIHE-Tashkent, Uzbekistan | KIHE-Almaty, Kazakistan |
| Medima-Siberia, Russia | Medi-Pharma-Vietam |
| World Gastro (WSG)-Ethiopia | World Gastro (WSG)-UAE |

Apart of it we have displaying/detailing of products at international platform in the competition of big players of this field gives us excellent feeling and satisfaction about our workmanship and we learn more and more.

We have been awarded on national level two times. We also have in house endoscope service centre for flexible endoscope. All brands (video/fibreoptic) which gives complete knowledge of endoscope anatomy to our engineer which make them very accurate about the function of accessories through the scopes. Our complete team is well aware about the functioning and construction of endoscopes, therefore they know well what they are producing.

Apart of UGI, LGI & ERCP products. Our other products range are:

1. Bronchoscopy accessories
2. Urology Disposable /Instruments/Equipments
3. CCD Camera, Light Source (Halogen / Xenon / LED)

In brief the moto of our company is : An economical approach with latest technology....

1000mp/m³ Cleanroom

Sclerotherapy Needle

(Non-Adjustable Needle)

(Lock/Unlock Needle)

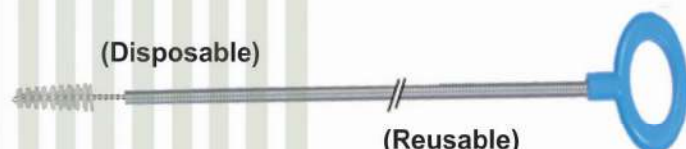

(Adjustable Needle)

Channel Cleaning / Washing Brush

Cytology Brush
(Plugged / Detachable)

(Disposable)

(Reusable)

Foreign Body Forceps
(Disposable & Reusable)

(Two / Three / Four Prong)

(Rat Teeth / Rubber Tip / Magnet / Basket / Net Snare)

(Rotatable Handle)

(Non-Rotatable Handle)

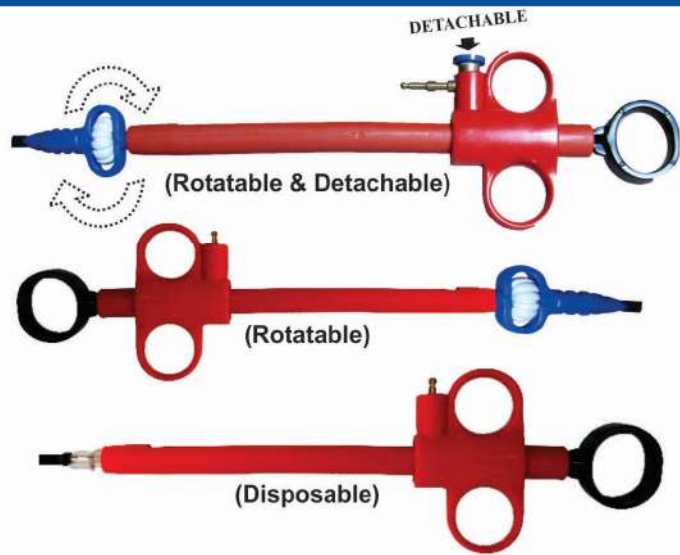

Biopsy Forcep (Disposable/Reusable) / Hot Biopsy

Polypectomy Snare (Single / Double Lumen) (Rotatable)

Multiband
Mucostomy

Multiple Band Ligator Set (EVL Band)

Click Handle

G-PB-6

Bearing Handle

G-PB-6D

Pentagun Handle

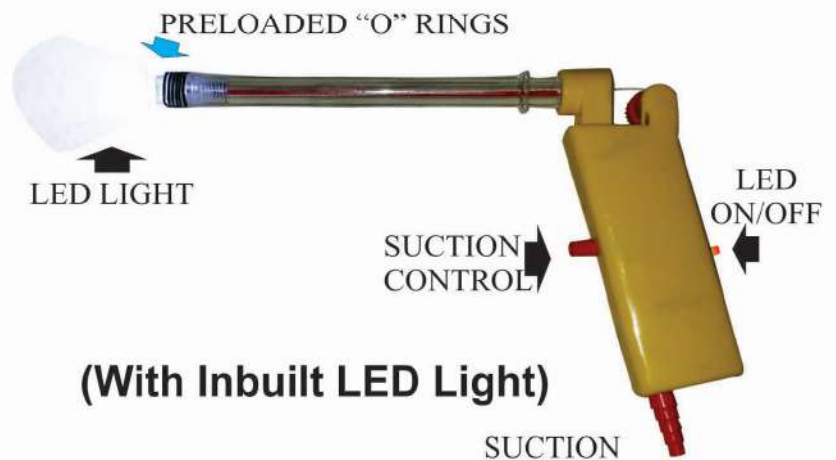

G-PB-6P

Hemorrhoidal Ligator with Disposable Proctoscope

(Disposable Proctoscope)

(With Inbuilt LED Light)

For detailed Specification, please contact us.

Esophageal Dilator Set

(70cms. / 100cms.)

(Wire Guided)

PEG Set

(16fr. / 20fr. / 24fr.)

Heating Coagulation Probe

(Unipolar)

(Bipolar)

Bite Block / Mouth Guard

(With Strap)

(Adult)

(Pediatric)

(Adult with Teether)

Achalasia Cardia Balloon Dilator

(Wire Guided)

Set Contains:

30mm, 35mm, 40mm Balloon with inflator & Spring Tip Steel Guidewire

Sengstaken Esophageal Balloon

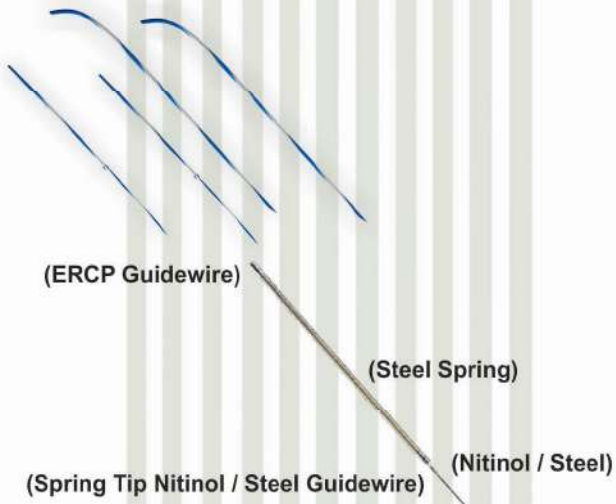

(16fr. / 18fr. / 24fr.)

For detailed Specification, please contact us.

Guidewire

(ERCP & Spring Tip Nitinol / Steel Wire)

Balloon Dilator

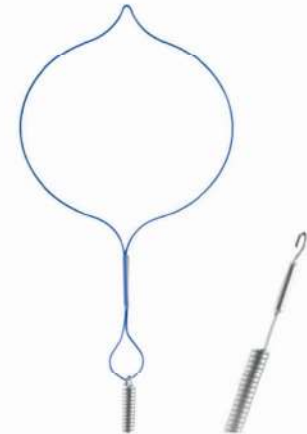

(Single / Multi Stage)

EUS FNA Needle

Endoloop and Device

Intragastric Balloon Removing Kit

J Tip Grasper

Puncture Needle
with Suction Cannula

Hemostatic Clipping Device

(Disposable / Reusable)

(Rotatable)

(Disposable)

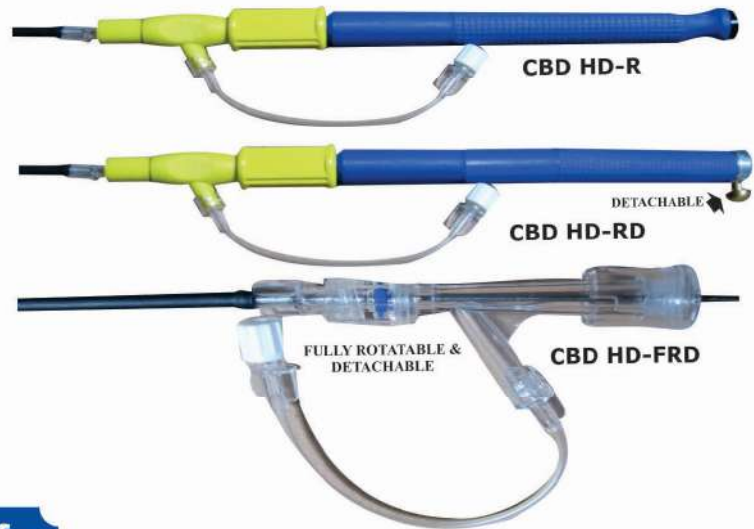

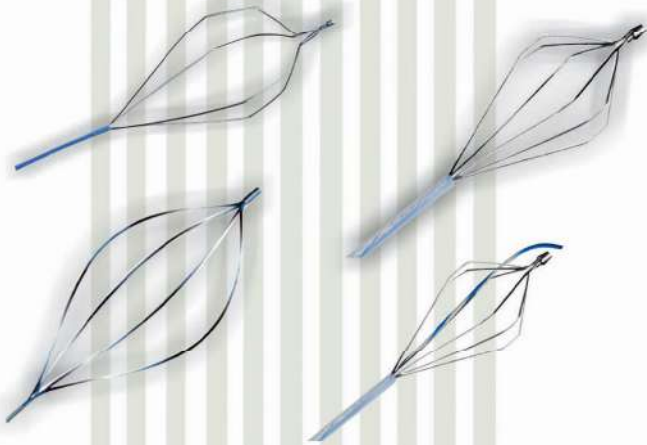

(Reusable)

For detailed Specification, please contact us.

CBD Stone Retriever Basket

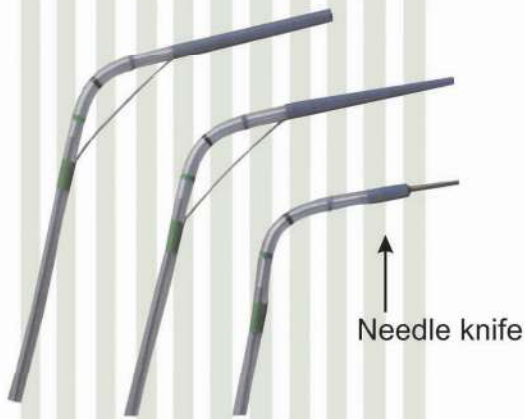

(Stainless Steel & Nitinol Wire)

(Rotatable / Detachable)

Sphincterotome / Needle Knife

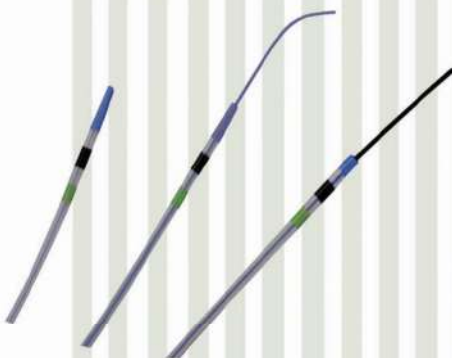

(Double & Triple Lumen)

All type of tips are available.

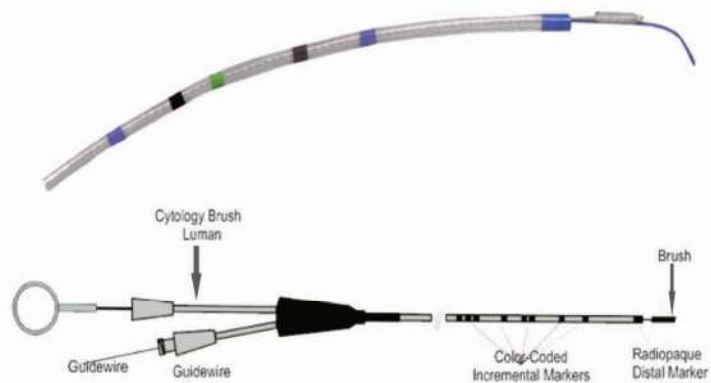

ERCP Cannula

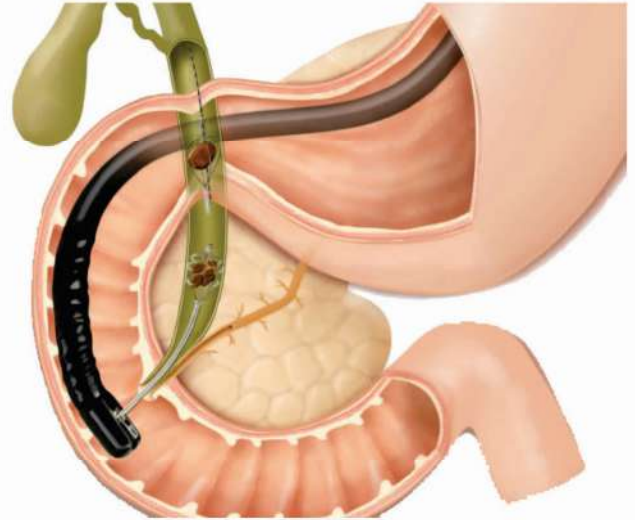

(Single/Double/Triple Lumen)
All type of tips are available.

Biliary Cytology Brush Wire Guided

For detailed Specification, please contact us.

Mechanical Lithotripter (TTS & OTW)

(HL-001)

(HL-002)
(TTS)

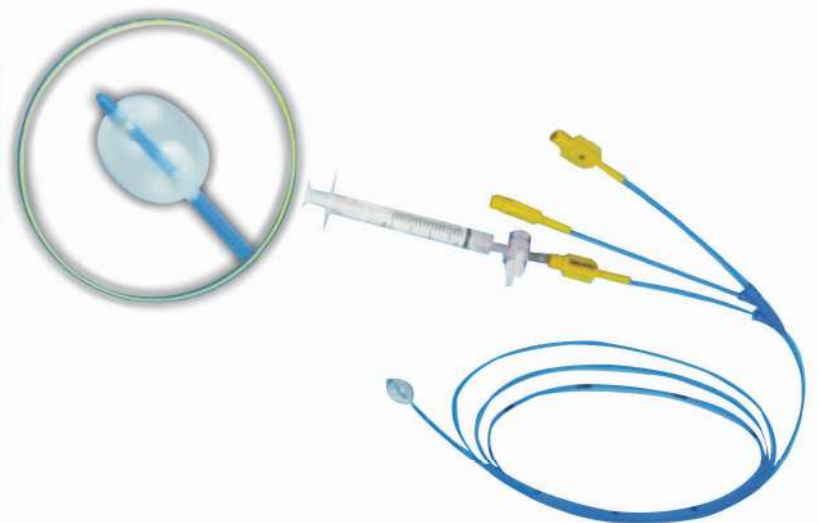

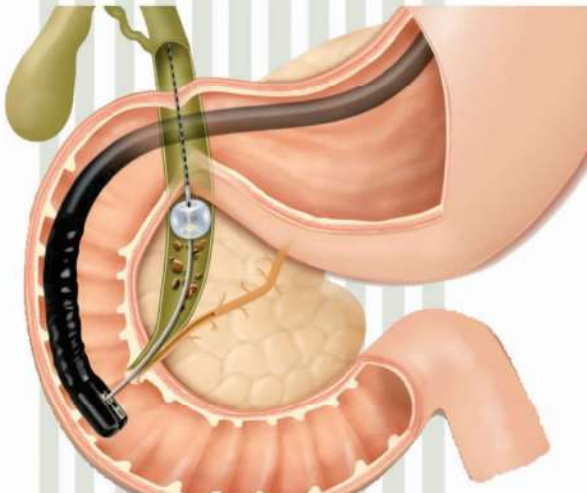

(HL-003)
(TTS)

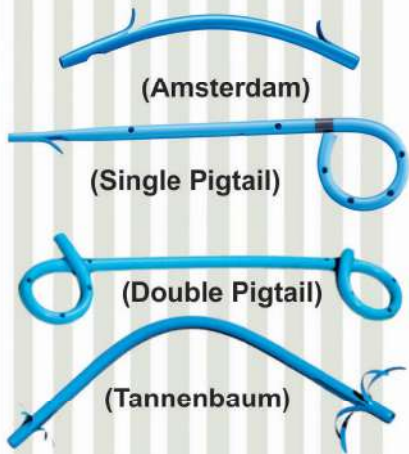

(HL-004)

CBD Stone Retriever Balloon (Double, Triple Lumen & Multi Size)

For detailed Specification, please contact us.

Biliary Stent (PU / PTFE) & Introducer Set

Other Size and Design Stents are available on demand.

Cystotome Needle Knife

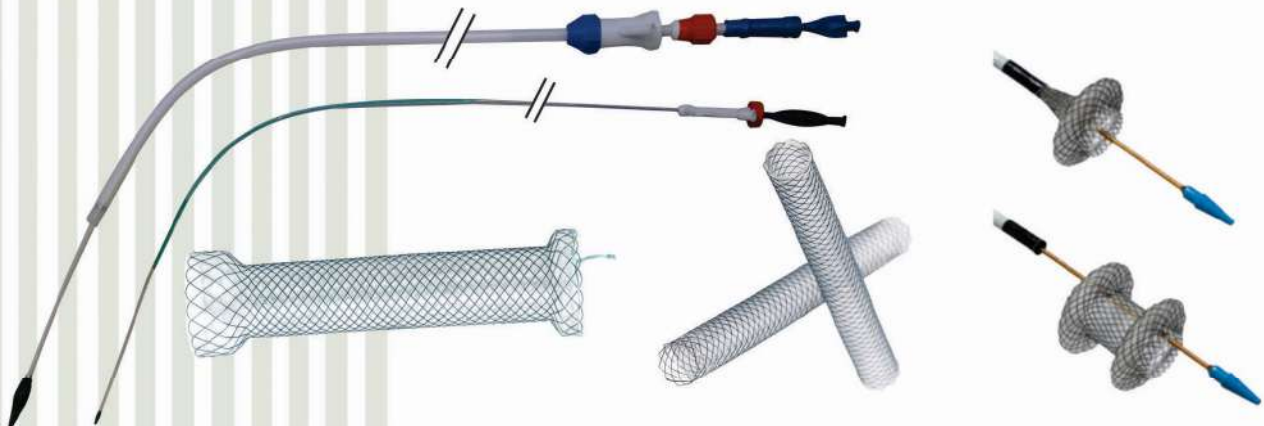

Single Step Biliary Dilator (Soehendra Type)
